Appearing on their home court for the first time this season, the Lutes ended a three-game losing streak by defeating the Wild-cats of Central Washington, 57 - 50. Coach Harshman's boys showed great ball-handling ability and dependable shooting eyes. Central, with their key man. Teller, hobbling on a bad ankle, showed flashes of brilliance, but ag-

steady game by the Lutes proved too much for them. This one avenged an earlier loss to Central on their home court.

Highlights of the game were two beautiful jump-shot s by Eggan, nice defensive and offensive work by Lund in the last quarter, and the promise of great things to come from the hustling freshmen on the squad. Standouts for the Central five were two long one-handed pushers from the side by the diminutive guard Piatote, and a nice steady game by Heacox who led the C.W.C.E. team with 10 points. Garnet Lund led both teams with

Intramural basketball is once again well underway after the Christmas vacation with ten games being played Monday and Tuesday evenings during the past week. Tacoma and the Central Bibs (C team) faired the best, winning two and losing none.

Evergreen Heads Squad Limits

JAN. 9, 1953

Evergreen conference officials have partially rescinded an action on football and basketball squad limits taken last November in Spokane, according to Mr. Theodore Karl, president of the conference.

In November the intercollegiate athletic conference, which is made up of Whitworth, Eastern Washington College, Central Washington College, College of Puget Sound, Pacific Lutheran College, Western Washington College and the University of British Columbia, had voted to increase the football squad limit from 25 to 30 and the basketball squad limit from 10 to 12. They also voted to liberalize the scouting practices by letting mo-

tion pictures be taken of the games. Because the president's of several member colleges objected to the new rulings on economy grounds, a special meeting was called December 15 in Seattle Evergreen Conference representatives reconsidered their action and dropped the football squad limit

Neither team has played each other in Conference play this year. One exhibition or pre-conference game was played over at CPS where they nosed out a four point Victory. The final outcome of this game was never known until it was all over and the one to come should be just as doubtful as to the outcome.

CPS is paced by Jake Mayberr who is one of the nation's top foul shot artists. The rest of the team is rounded out with a well coordinated squad.

The Lutes, however, have their standby, Glen Huffman. The squad then has Lund. Ross, Kreeji, Billings; backed up by the st ongest frosh prospects that have hit PLC in years.

The College band will provide music during the game and the song leaders will preform. This should prove to be one of the best games at Memorial Gymnasium this season

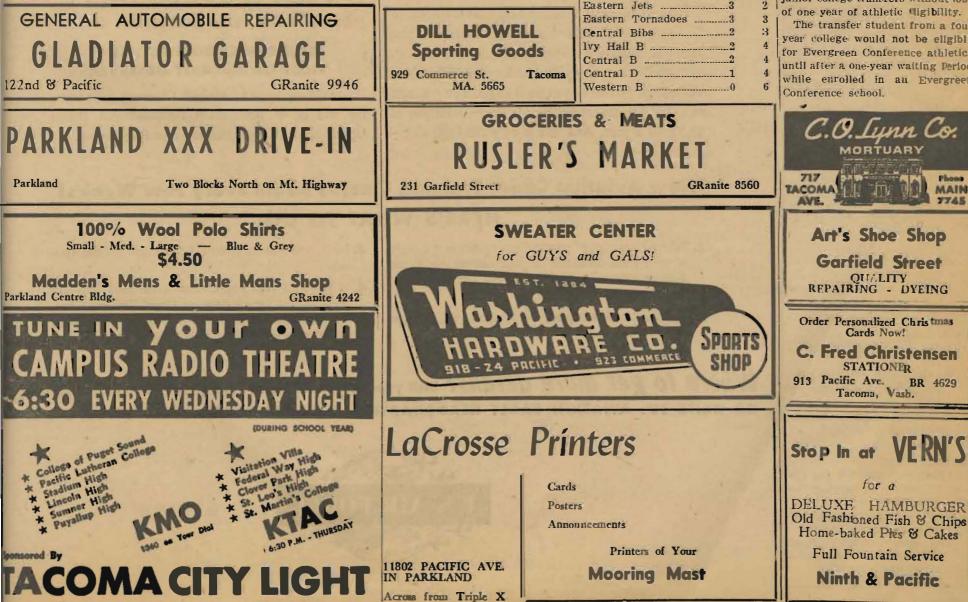

back to 25 for conference games. The basketbail squad limit was changed from 12 to 11 instead of the Original 10. The new squad limit will mean that 11 men may suit up for a conference basketball game and diminish the possibility that one or both teams will have to play the last part of the game with less than five men.

The new liberalized scouting rule was altered to read that motion pictures of any conference athletic event could be taken by the home team with the permission of the opponent. It was added that the motion pictures should be made available to the opponent team.

Other actions taken by the Evergreen conference at their two meetings included officially accenting junior college transfers without loss of one year of athletic Gigibility.

The transfer student from a four year college would not be eligible for Evergreen Conference athletics until after a one-year waiting Period while enrolled in an Evergreen Conference school.
