

Pacific Lutheran College Bulletin

Published quarterly by Pacific Lutheran College at Tacoma and Parkland, Washington. Entered as second-class matter April 26, 1927, at the postoffice at Tacoma, Washington, under the Act of August 24, 1912.

VOL. XIX

January, FEBRUARY, March, 1940

No. 4, Part I

Main reading room, showing unfinished walls and floor and temporary book-cases and light fixtures. Ultimate seating capacity, 200.

THE PACIFIC LUTHERAN COLLEGE LIBRARY

Report of Progress

In the summer and fall of 1936, in response to urgent need, citizens of Greater Tacoma and Pierce County, with a few other friends of the cause, pledged slightly more than \$100,000 toward the erection of a Library-Classroom Building on the campus of Pacific Lutheran College. The pledges were, with a few exceptions, to be paid within three years.

This issue of the *Pacific Lutheran College Bulletin* reports the splendid response in terms of payment of these pledges. (See the comment in connection with the list of paid-up pledges.)

The second floor of the beautiful new building was taken into partial use on May 1, 1939. One picture in this Bulletin shows the reading room in use; another shows the librarian, Professor J. U. Xavier, at his desk in his crowded quarters. A third picture shows the unfinished condition of the first floor (the classroom part) in February, 1940; and the fourth picture, on page fifteen of this *Bulletin*, shows the front exposure of the building. Construction has progressed only as the money has come in, and it is the intention to continue this policy. It is evident to all observers that the speediest possible completion of the building, including the classrooms and the stacks, is urgently needed.

East wing of the first floor, intended for class-rooms and office space. The immediate completion of this part is very urgent.

What Must Now Be Done, and Why

The completion of the first floor is a necessity, because the additional space is needed on account of the addition of the fourth year's work in the teacher training program in harmony with the new requirements for the certification of teachers in the State of Washington. Inspectors appointed by the State Board of Education have pointed this out as the most imperative need.

One of the rooms on the first floor will be set aside for the use of the Pacific Historical Society of the Baltic Peoples, as a memorial to the late Professor Nils Joseph Hong. The collections of the Society are valuable and should be placed in fireproof quarters forthwith. The Pacific Lutheran College Alumni Association sponsors this N. J. Hong Memorial as its special project, under the guidance of Mrs. Irene Dahl Hagens, alumni secretary.

The west wing of the building, reserved for book stacks, is in most urgent need of completion, as is evident from the crowded conditions of the librarian's office and the adjacent workrooms.

The Board of Trustees of the College has placed Mr. C. S. Fynboe in charge of the ingathering of the \$20,000 needed to complete the building. The first floor will be finished first, then the stacks.

Have You Done Your Part?

This building project is Greater Tacoma's monument to the depression-defeating spirit of its progressive citizens. The 1936 appeal was endorsed by the Tacoma Chamber of Commerce and the various service clubs of the city. This building is the most effective testimony to the worthwhileness of the College's educational efforts on the part of those who know the College best. The College sincerely invites every public-spirited citizen to have his part in this enterprise.

Librarian's office in its present state. The crowded condition will disappear with the installation of stacks.

Grateful Tribute

Pacific Lutheran College offers sincere thanks, first of all to Almighty God, then to every donor, to the Tacoma Chamber of Commerce, its officers and members, and to the service clubs and the cooperating organizations, to all campaign workers, to the architects, the members of the building committee, and to all others who have had a part in the accomplishment of this architectural and civic triumph.

PAID-UP LIBRARY PLEDGES

List No. 1

Pacific Lutheran College hereby gratefully acknowledges the full payment of 1,888 pledges to the Pacific Lutheran College Library Building in the total amount of \$74,456.17. The donors are indicated in the appended list.

The College similarly acknowledges the receipt of \$3,521.86 in partial payment of 233 additional pledges. This amount, added to the \$74,456.17 in paid-up pledges, makes a total of \$77,978.03 received for the Pacific Lutheran College Library and Classroom Building project up to and including February 29, 1940.

It is the intention to publish a supplementary list or lists of paid-up pledges later. Some pledges could not be paid thus early, because they involved materials for use in the building. The percentage of paid-up pledges is gratifyingly high. The College respectfully urges the payment in full of as many additional pledges as possible this spring, as the completion of the building before the end of the summer is an urgent necessity. Because some pledges prove unavoidably uncollectible, additional gifts or pledges are needed now.

PACIFIC LUTHERAN COLLEGE LIBRARY, viewed from the south, February, 1940

The exterior of the building is complete. The adjacent grounds will be landscaped. From the standpoint of architectural beauty and economical utilization of space, this building has won the highest praise and reflects corresponding credit upon the architects, Charles Altfillisch, E. J. Bresoemann, and Heath, Gove and Bell.

The building committee expresses its special thanks to Mr. Conrad M. Iverson, for his practical helpfulness and his expert assistance; to Mr. H. E. Anderson, for his wise financial counsel and his constant encouragement; and to Allen & Early, building contractors, and their associates, for their thorough workmanship and personal interest.

Present Status of the Development Program of Pacific Lutheran College

(Compare BULLETIN, February, 1930)

1. An efficient supporting organization of 10,000 members (The P. L. C. Development Association). The 10,000th member was enrolled on January 5, 1940. The problem is to keep the membership active.
2. A steady annual increase in enrollment up to 500 or, at most, 600. The 200-mark was passed in 1930 and the 400-mark in 1939.
3. A president's residence. Erected in 1930.
4. Renovation of the Main Building and beautifying of the grounds. Landscaping makes progress each year.
5. Complete classification and cataloging of the library. Each year sees progress in this.
6. Girls' dormitory. "Auxiliary Hall" was acquired in 1938. First regular unit now being planned.
7. Library building. Now in process of completion, thanks to the generosity of Tacoma citizens.
8. Athletic field and new gymnasium. Athletic field now recognized as an urgent necessity.
9. Four-year college curriculum. Fourth-year work begun in September, 1939, in Normal Department.
10. Doubled endowment. Pledges of 1927 now in process of final settlement.
11. Freedom from indebtedness. Recognized since 1937 as the next major objective.
12. College chapel. No definite plans yet.
13. Limited enrollment. Under discussion in relation to scope.
14. Music hall. Chapel still used as music hall.
15. Other buildings. Heating plant the first problem here now.
16. Popular approval of the program. Still in evidence despite difficulties.
