Introductory Remarks

HISTORICAL SKETCH

The Pacific Lutheran Academy at Parkland, Wash., was established by members of the Norw. Ev. Luth. Synod of America. It began its work in 1894 and continued until 1918, the last year in conjunction with the Columbia College at Everett. In its field it ranked as one of the best in the state.

The Columbia Lutheran College was built at Everett, Wash., by members of the United Norw. Luth. Church of America. It opened its doors for pupils in 1909, and continued its work until the spring of 1919. From 1911 it was under the direct management of the United Church.

In 1919 both schools were closed to pupils, and the consolidated school, The Pacific Lutheran College, which is located at Parkland, Wash., began its preparation for taking up the work under the new auspices. During the summer of 1920 the main building was thoroughly renovated, and a chapel was built. On Oct. 4, 1920, registration began, and the new school took up its life work.

In 1921 the Junior College and Normal departments were established, and in 1925 the Normal department was accredited by the State Board of Education.

In 1927 the school was duly approved by the Secretary of Labor as an institution of learning for immigrant students, in accordance with the Immigration Act of 1924.

OUR AIM

We believe that without public education there can be no political liberty, no great social achievement, no real manhood or womanhood, because men become mentally stunted. But we also believe that a true education must take into consideration the religious aspirations of man, or he will become morally stunted.

We therefore aim to educate the whole man, body, mind and soul, and to build this sound education on a Christian foundation.

We aim to nourish and strengthen the faith of our fathers, a firm belief in Christ and Christianity.

We aim to supply workers for schools, congregations and missions, without neglecting the education for leadership in other walks of life.

In fact, our aim is to educate for a life of Christian service.

LOCATION

Parkland is a suburb of Tacoma. Its name indicates the nature of its scenery. To the west lie the broken, rugged, snow-capped Olympic Mountains; to the east and south stretch the Cascade Mountains with their wooded foothills and the towering peaks. Here, serene and majestic, rises the snowy dome of Mt. Tacoma, the heavenward pointing, nourishing mother—a vision not to be forgotten, never the same, always sublime, whether crowned by a storm cap of clouds, or roseate with the glow of morning, or still and milky white under the blaze of day, or tinted by the setting sun.

PACIFIC LUTHERAN COLLEGE

Within this frame lies Parkland, its prairies dotted with groves and clusters of trees, its nestling homes, and the Clover Creek winding like a band of silver below the hill on which P. L. C. is located.

THE BUILDINGS

The buildings are furnished with light and water from the city, but our own systems may be used whenever a necessity arises.

THE MAIN BUILDING.—This is a massive five-story structure of brick, 190x82. It has been thoroughly renovated. In the basement are located the heating system, the kitchen, dining room, the biological laboratory, the boys' showers, the boys' hospital, and store rooms. The first floor contains all the offices, the reception room, the library and study hall, the physical laboratory, guest rooms, two class rooms, two suites for teachers and a girls' reception room. On the second floor are four class rooms, the boys' clubroom and students' rooms, and on the third floor thirty-seven dormitory rooms for boys and girls and the girls' hospital rooms. On the fourth floor, out from the main building, is the chemical laboratory.

THE GYMNASIUM is a frame building on a concrete basement 100x50 feet. The main floor has a fine running track, a large stage, dressing rooms, a moving picture outfit and an open floor of 50x80 for games. The basement when finished will contain a swimming pool, 20x48, locker rooms and other facilities.

THE CHAPEL was erected at a cost of

\$7,000. It is a frame building, 40x60 feet, with a full concrete basement. The basement has an assembly room and a fully equipped kitchen.

THE LIBRARY

THE LIBRARY occupies two rooms on the first floor of the main building. The school at present has a collection of over 8300 books and pamphlets, besides a quantity of unbound magazines. The library fee is used for improving this part of our school equipment, and yearly above 100 volumes are added through this channel.

LABORATORIES

The Physical and Biological Laboratories are fully equipped to meet the requirements, and every year new apparatus is added.

The Chemical Laboratory occupies a fire-proof room on the fourth floor. This laboratory is fully equipped to teach high school chemistry as well as first and second year college chemistry. Accurate balances for quantitative work have been installed; electric power for hot plates, drying ovens, etc., also up-to-date laboratory desks with the necessary apparatus and chemicals.

Our other laboratories are also being brought nearer to perfection every year.

Here is a splendid field of work for the Y. P. S., the Alumni Association, and Student Societies.

THE CAMPUS

The College campus comprises about eighteen acres, a fine play-ground for the pupils. There are the baseball diamond, football field, two tennis courts (two more are being built) and the croquet courts, offering facilities for outdoor exercise.

Of historical interest is the little Douglas fir southeast of the building, planted on the first Good Roads Day in the State of Washington, and the stately maple at the front gate, named after the Rt. Rev. V. Koren.

LEGACIES AND GIFTS

The College has received a number of gifts and bequests during the past years. It would be well if the many friends of the College would remember the school in making their will or by special gifts.

Mr. and Mrs. George Knutson, of Burlington, Wash., in 1923 gave the school \$1,000 in memory of their son Henry who attended the College in 1921-22.

Mrs. Charles Erholm and children gave \$1000 to the Endowment in memory of Mr. Charles Erholm.

A gift of \$500 was left by Mrs. Bell Siver-son of Eugene, Ore., in 1923.

In 1923 a bequest of \$500 was left by Mr.

PACIFIC LUTHERAN COLLEGE

P. J. Larson for the Norse Department. Only the interest is used each year.

Dr. L. Hektoen deeded lots 5-10, block 25, Armour Addition to Tacoma, to the College in 1924.

The graduating class of 1925 presented four loving cups on which the names of a boy and a girl from the College-Normal sophomore class, and of a boy and a girl from the senior High School class respectively, who have been of the greatest inspiration to the school, will be engraved.

The class of 1926 built a fine stone entrance to the College grounds.

The Class of 1927 presented a Howard Program clock to the College.

In the summer of 1927 friends and supporters of Pacific Lutheran College pledged \$290,000 toward the Endowment of the College.

To all the donors Pacific Lutheran College hereby expresses deep appreciation.

OUTLINE OF SUBJECTS

BIBLE

Ordal, Svare

1, 2. Church History.

The Gospel and the Epistles teach us Christianity, the Acts show us the origin of the Christian Church, while the church history traces for us the growth of this church through persecutions and controversies about doctrines. It shows us the rise and growth of the papacy, its sup-

pression of the freedom of conscience, the Reformation under Luther, the division of the church into different denominations, and how through it all, in spite of the fallacies and frailties of man, God's hand has guided and supported his Church.

3, 4 .Religious Education.

This course will take up the history, principles, methods and aims of religious education. Special stress will be laid on the organization, methods and administration of Sunday Schools and Bible classes.

BIBLE

Ordal, Svare

1, 2. Church History.

The Gospel and the Epistles teach us Christianity, The Acts show us the origin of the Christian Church, while the church history traces for us the growth of this church through persecutions and controversies about doctrine. It shows us the rise and growth of the papacy, its suppression of the freedom of conscience, the Reformation under Luther, the division of the church into different denominations, and how through it all, in spite of the fallacies and frailties of man, God's hand has guided and supported his Church.

OUTLINE OF SUBJECTS

BIBLE

Ordal, Ramstad, Svare

"The fear of the Lord is the beginning of wisdom," sang the Psalmist (Ps. 111, 10), and the great Apostle Paul adds, "Godliness is profitable unto all things" (I Tim. 4, 8), and Christ said, "Seek ye first the kingdom of God" (Matt. 6, 33). And so religion, which is to teach us our duties toward God and our fellow men, and the mercy of God toward us, has been made a part of every course of our school.

In the interpretation of the Bible the teachings of the Lutheran Church are adhered to. The aim is to strengthen the faith, impart knowledge of Bible truths, and to help the prospective Sunday school teacher or parochial teacher to impart his knowledge to others. It prepares for leadership in Young People's Societies, Luther League, etc.

1, 2. Fundamentals of Christianity.

The fundamental doctrines of the Christian faith are studied. What does the Bible teach on these questions? Its answers decide the matter. The Old and New Testaments are referred to on each subject. Other books on Christian doctrine will be used for parallel reading.

Ordal, Svare.

3. An introduction to all the books of the Old Testament.

Ordal, Svare.

4. An introduction to the books of the New Testament.

Ordal, Svare.

5, 6. A study of the great characters of the Bible.

COMMERCIAL BRANCHES

Freed

3, 4. Bookkeeping.

The work is carried on according to the so-called individual plan. This makes it possible for students to enter at any time, take up such work as they need, and progress as rapidly as their abilities will allow. Not given 1928-29.

5, 6. Typewriting.

The touch system is taught, by which the greatest speed is obtained. From the beginning the student is taught the proper fingering of the keys, the care and adjusting of the machine; the proper form and arrangement of letters, legal documents, manifolding, etc. A great deal of time is devoted to transcription from shorthand so that the pupil may have ample practice in doing this before he enters the office. The course includes careful and extended drill in various kinds of business letters, specifications, tabulating work, stencil cutting for mimeographing, etc.

7. Commercial Law.

This course aims to give the student such knowledge of the laws of commerce that he may transact his business affairs in an intelligent manner. Correct writing of legal documents is a special feature.

ENGLISH

Mrs. Taylor, Mrs. Edwards

The High School English course is based on the state requirements as outlined in the course of study in English for use in the Secondary Schools of Washington.

1, 2. ENGLISH

Freshman

This course includes the study of English grammar; a review of the parts of speech, sentence elements, and sentence structure. Simple compositions are written. Selected literary selections are studied in class. Some memory work is required. Pupils read and report on books from approved lists. Texts: Word, Sentence and Theme; Greenlaw and Stratton, Literature and Life, Bk 1.

Mrs. Taylor, Mrs. Edwards.

3, 4. ENGLISH.

Sophomore.

This course is a continuation of the work in the first year. A thorough review of grammar

PACIFIC LUTHERAN COLLEGE

is given. Emphasis is placed on composition work, paragraph structure, unity and coherence in themes. Literary selections are studied in class. Memory work and collateral reading is required. Texts: Ward: Theme Building; Greenlaw and Stratton, Literature and Life, Bk. II.
Mrs. Taylor, Mrs. Edwards.

5, 6, ENGLISH

Junior

This course consists of a brief survey of English literature with class study of selections. Memory work and collateral reading is required. Composition work is continued. Text: Greenlaw and Stratton, Literature and Life, Bk. IV.

Mrs. Taylor, Mrs. Edwards.

7, 8, ENGLISH

Senior

A study of American literature with class study of selections from the American authors is given. Memory work and collateral reading is required. Literary interpretation is given emphasis the second semester. Oral and written composition are part of the requirements of the course. Texts: Boynton, Milestones in American Literature; Ward: Oral Composition.

FOREIGN LANGUAGES

FRENCH

1, 2.

Beginners' Course—grammar, conversation and reading. French used in the class room from the beginning. Given 1928-29.

GERMAN

Hoff

1, 2.

Elements of German grammar, easy reading and translation. German will be used more or less in the classroom from the beginning. Not given 1928-29.

3, 4.

More advanced grammar and composition is taken up, and in connection with these some of the easier masterpieces of German literature will be studied. Sight reading and easy conversation will receive considerable attention.

As the need arises more advanced classes will be organized.

LATIN

Xavier

1, 2.

One of the standard textbooks for beginners will be used. Emphasis will be put on the correct pronunciation of the words, on the essentials of grammar, on the declensions and conjugations. Almost from the first easy questions and answers in Latin will be introduced. Not given 1928-29.

3, 4.

Grammar will be taken up more in detail, and the pupil will study Latin composition based on Caesar's "De Bello Gallico." Caesar's commentaries will be read (four books or their equivalent). The Roman army and its equipment, and the Roman camp will be given special attention. Not given 1928-29.

NORSE

Ramstad

1, 2. Norse.

This course begins with elementary work, such as spelling, reading, writing, elementary grammar. The reading will be of easy selections such as are found in our Norwegian readers for beginners.

3, 4. Norse.

A standard grammar will be used. Compositions will be required, and short and easy stories, as Bjornson's *Bondenoveller*, read.

SPANISH

Hoff

1, 2.

Regular drill in elementary grammar is emphasized. Short stories, poems, dialogues and

plays are chosen because of their special appeal to American students. Not given 1928-29.

3, 4.

The study of the grammar is finished. The class work will be conducted in Spanish as far as possible. A careful graded series of short selections from classic writers is prescribed together with original composition. Given 1928-29.

HISTORY AND POLITICAL SCIENCE

Xavier, Hoff

1, 2. General History.

This course will take up the history of all nations from the early ages to the present time. Less emphasis is put on wars and dynasties, more on the general advancement.

Xavier.

3. United States History.

This course begins with the American Revolution, although a brief survey of the earlier period is reviewed to give the student a setting for the national development. Effort will be made to familiarize the student thoroughly with

PACIFIC LUTHERAN COLLEGE

the chief events relating to the nation. Much time is spent on the period after the reconstruction, emphasis being placed on the political and industrial problems that have risen and have extended down to the present time. Special attention is also given to biography. Reference books and periodicals are used quite extensively.
Hoff.

4. Civics.

One semester is devoted to a careful study of our civil and political institutions. Efforts will be made to give the student a clear understanding of the constitution of our city governments. The three great branches of our government, their functions and interdependence, will receive special attention.

Hoff

MATHEMATICS

Stuen, Ramstad, Mrs. Taylor

3, 4. Elementary Algebra.

One year is spent on the fundamentals, factors, fractions, radicals, exponents, equations with one unknown quantity, the ordinary methods of elimination.

Mrs. Taylor, Ramstad.

5, 6. Plane Geometry.

Two semesters are devoted to this subject. Part of the time will be employed in studying the theorems of the text book, including the general properties of plane rectangular figures, the circle; measurement of angles, similar polygons, areas. Much time will be given to original demonstrations of exercises and solutions of problems.

Ramstad.

7. Higher Algebra.

First a rapid review of elementary Algebra is given. Then quadratics, binominal theorem, literal and numerical coefficients, variation, ratio and proportion, imaginary and complex numbers are taken up for a thorough study. Time used, one semester.

Stuen.

8. Solid Geometry.

The work in this branch covers one semester and includes the usual theorems and constructions contained in the best text books, including the relations of planes and lines in space; the properties and measurements of prisms, pyramids, cylinders, cones and spheres. A large part

PACIFIC LUTHERAN COLLEGE

of the time will be given to the solution of original exercises, and to constructions.

Stuen.

MUSIC Edwards

Applied Music:

Piano—Development of touch, technique, rhythm, expression and interpretation.

Voice—Principles of corrective breathing and placement of tone.

Pipe Organ—The technique for the proper playing of the pipe organ will be stressed.

The student must have a satisfactory piano technique before he or she will be permitted to take lessons on the pipe organ.

PHYSICAL EDUCATION Ramstad, Miss Stixrud

The aim of this course is to develop the body and keep the individual in good health by suitable exercises. Emphasis is placed on correct posture. All are required to give some time to physical education, but those incapacitated because of physical defects may satisfy the requirements with hygiene.

A splendid opportunity is offered for stu-

PACIFIC LUTHERAN COLLEGE

dents to take part in various athletic activities such as basket ball, volley ball, baseball, indoor baseball, tennis and coquet.

SCIENCE

Xavier, Ramstad, Stuen, Mrs. Edwards

1, 2. General Science.

This subject is fundamental to the entire field of science. It furnishes the foundation for all subsequent work in this line. It provides instruction about principles and facts that all should know, and it furnishes a solid foundation of knowledge on which to build further. U ity is kept throught; it is not the study of a series of unrelated subjects. Laboratory work.

Ramstad, Mrs. Edwards.

3, 4. Biology.

After a general introduction, plants and animals will be studied with special reference to their economic value. Hygiene and sanitation will be emphasized in the treatment of the human biology. Not given 1928-29.

Xavier.

5, 6. Botany.

Elementary Botany. This is a general introductory course. While it deals with the struc-

PACIFIC LUTHERAN COLLEGE

ture, development and life activity of plants, it also treats of their classification and economic importance. Laboratory work and note books. Not given 1928-29.

Xavier.

7, 8. Zoology.

Most of the time will be spent on insects and vertebrates. The less known groups are, however, also treated with care, and among these animals the earthworm receives special attention. Laboratory work. Note books.

Xavier.

9, 10. Physics.

This course consists of recitations, lectures and laboratory work. The chief aim is to present elementary physics in such a way as to stimulate the pupil to do some original thinking about the laws and the whys of the world in which he lives. Modern life and modern wars have wrought many changes. The most striking changes, as the gas engine, the automobile, the airplane, and the wireless, will be given fuller treatment. Not given 1928-29.

Stuen.

11, 12. Chemistry.

An elementary course in chemistry of the non-metallic elements. Three recitations and two laboratory periods per week. Juniors and seniors.

Ramstad.

The school has its own bookstore where the necessary supplies may be bought at regular prices for cash only.

EXPENSES

Bills must be paid in advance on entering school, or a satisfactory arrangement made with the treasurer before one will be considered a member of a class.

All past due accounts must be covered by short time interest bearing notes.

PACIFIC LUTHERAN COLLEGE

In case two or more members of one family are in attendance at the same time, a discount of 25 per cent. on the total sum of the tuition will be granted.

The expenses for the semester are as follows:

Tuition for the College or Normal courses, 16 semester credit hours, \$45.00.

Tuition for the high school (5 regular classes) \$37.50.

A College or Normal student who takes more than 17 credit hours a semester will pay \$2.75 extra for each semester credit hour. A high school student will be charged \$9.00 for each regular study beyond regular classes.

The charge per semester for one period per week in music instruction is \$27.00. Piano rent one hour per day is \$5.00, two hours per day, \$9.00.

Pipe Organ rent \$10.00 per semester.

Instruction \$2.00 per lesson.

Typewriters may be rented at \$6.00 a semester.

GENERAL FEES

Per Semester

General Student Privilege fee \$5.00.

The Student Privilege Fee entitles the student to the use of the library and the gymnasium, admission to all games and programs given by the student societies of the school, and to half a year's subscription to the College Paper.

PACIFIC LUTHERAN COLLEGE

SPECIAL FEES

Each student is charged an Indemnity Fee of \$5.00 which will be refunded, provided there are no charges for damage or any unpaid bills.

The following Laboratory Fees must be paid per semester by students taking the respective subjects:

Art	\$2.50
Chemistry	\$5.00
Physics	\$2.50
College Biology, Zoology or Psychology	\$2.50
High School Biology, Botany, General	
Science	\$1.00

Students graduating from the High School Department will be charged a Diploma Fee of \$3.00, from the College or Normal Courses, \$4.00.

A record of attendance, recitation, department, etc., is kept, and a copy is sent at the end of each quarter to parents and guardians.

Each student will be furnished a transcript of record free of charge, but \$1.00 will be charged per copy for additional transcripts. No transcript will be given until all bills are paid or a satisfactory arrangement has been made with the treasurer.

TUTORING

Students who need extra tutoring will be charged \$1.00 for each hour. When two students

PACIFIC LUTHERAN COLLEGE

take the same work together, the charge will be 75 cents each.

EXTRA EXAMINATIONS

A fee of \$1.00 will be charged for all extra examinations (except those due to sickness), including those for the removal of conditions.

RULES AND DISCIPLINE

Only such rules have been adopted as have been found necessary for the promotion of the highest interests of the students. The school, on admitting students, does so with the express understanding that they will cheerfully comply with the rules and regulations of the school in every respect, and deport themselves as befits Christian ladies and gentlemen.

The College specifically reserves the right to dismiss any student, without making definite charges, whenever in its judgement the general welfare seems to demand such action.

Written excuse, approved by the principal, dean or preceptress, must be presented to the teacher at the first recitation following an absence.

All students are required to be present at the daily devotional exercises held in the chapel and to attend divine services on Sunday either of our church, or, if not Lutherans, of their respective denominations in Tacoma.

PACIFIC LUTHERAN COLLEGE

All students are required to keep their rooms clean and tidy, and to abstain from the use of tobacco in any form within or about the buildings. The occupants of a room will be held responsible for its condition.

Day students are expected to observe the evening study hours at home, and are not permitted to frequent the dormitory after 7:00 p. m. The school maintains the right to exercise supervision over day students outside of study hours.

All boarding students are required to be in the dormitory after 7:00 p. m., unless granted special leave of absence.

Students are expected to employ their time to the best possible advantage and to avoid, as far as possible, everything which has a tendency to interfere with legitimate school work. The participation in dancing or card playing, whether in the school building or out of it, visiting gambling houses or other places of questionable nature, and the use of intoxicating liquors, are strictly forbidden.

A student who neglects his work, who wilfully disobeys the rules which are laid down for the government of the school, or whose conduct is improper, or influence is pernicious, is not wanted, and will not be retained in the institution, and, if expelled, forfeits the tuition and room rent paid. Continual failure to do good work, after a fair trial, will be considered reasonable ground for dismissal.

No student will be permitted to keep firearms in the building.

PACIFIC LUTHERAN COLLEGE

In addition to observing the general rules given above, all students will be required to observe the special regulations announced from time to time.

EMPLOYMENT

We are often asked if a pupil can work his way through school. A great number of our pupils pay their own way. They may have a little saved up to begin with, and each summer they are hard at work to earn enough to continue. There is also some employment to be had at the school for a number of pupils. Correspondence from pupils who need work to help pay for their schooling is invited.

TEACHER'S APPOINTMENT

To assist graduates of the Normal Department who deserve positions as teachers a Teacher's Appointment Committee consisting of members of the faculty has been organized. The committee cannot guarantee positions but will assist as far as possible. A fee of five dollars is charged for such assistance.

MEDICAL ATTENTION

The payment of a medical fee of \$1.50 per semester entitles the pupil to medical attendance by the school physician. Hospital rooms are equipped at the school. The necessary medicine, nursing and, as may become inevitable, room in a city hospital, is furnished at the expense of the pupil.

The school urges parents to have all necessary dental work done during vacation periods.

PACIFIC LUTHERAN COLLEGE

SPENDING MONEY

We do not wish to encourage extravagant spending, and parents are urged not to allow their children too much money. It is never conducive to good school work, and free spenders are generally poor students.

VISITORS

Visitors are always welcome, and the parents and other relatives are invited to visit the school to become acquainted with the work and environment of the students.

BAGGAGE

We have a transfer company at Parkland that will bring the students' baggage at special prices. So leave your baggage in Tacoma, bring your check, and the baggage will be brought out as soon and as cheaply as possible.

HOW TO REACH PARKLAND

Parkland is a suburb of Tacoma, one of the large ports and railroad centers on the Puget Sound. On arriving at Tacoma take Spanaway or Parkland car on Pacific avenue. At Parkland the College is one block from the station. The cars generally run about every half hour.
