General Statement

HISTORICAL

Pacific Lutheran College was formed by the union of Pacific Lutheran Academy with Columbia Lutheran College.

The first of these, Pacific Lutheran Academy, was established at Parkland, Washington, December 11, 1890, by members of the Synod of the Norwegian Evangelical Lutheran Church in America. It began its work on October 14, 1894, and continued until the spring of 1918, at which time its faculty and students were transferred to Columbia College, where the school was operated for one year.

The second component, Columbia Lutheran College, of Everett, Washington, was established by members of the United Norwegian Lutheran Church. It opened its doors to students in 1909 and continued its work until the spring of 1919.

In 1917 the church bodies were united. In 1920 the Pacific Lutheran College Association was incorporated. By resolution of the Pacific District of the Norwegian Lutheran Church of America, the two schools were united at Parkland under the name of Pacific Lutheran College. The consolidated school was opened to students on October 4, 1920.

In the fall of 1929 the work of Christian education carried on at Spokane College was transferred to Pacific Lutheran College, and this arrangement was by resolution of the Norwegian Lutheran Church of America on May 28, 1930, made permanent.

Up to 1919 Pacific Lutheran Academy and Columbia Lutheran College had been conducted essentially as secondary schools. Only occasionally did they offer classes in college branches. In 1921, however, the amalgamated institution established a two-year Liberal Arts Department and a two-year Normal Department, both of college grade.

In view of educational legislation and other developments, the Board of Trustees of the College authorized the addition of a third year in the Junior College Division, which change became effective in the Normal Department in 1931 and in Liberal Arts in 1941. Similarly, the Normal Department was reorganized into a four-year College of Education in 1939. The addition of the fourth year of Liberal Arts was authorized by the College Board of Trustees on August 20, 1942.

The High School Division is accredited by the State Department of Education. In the College Division, the Junior College of Liberal Arts is accredited by the University of Washington, and the College of Education by the State Department of Education. On April 8, 1936, the Northwest Association of Secondary and Higher Schools also granted Pacific Lutheran College initial accreditation as a junior college and a three-year normal school, and on April 7, 1937, made this accreditation permanent. The State Department of Education, on June 18, 1940, approved Pacific Lutheran College as a four-year teacher-training institution, as of September, 1939, and on June 19, 1942, confirmed this approval. The petition for accreditation as a four-year collegiate institution by the Northwest Association of Secondary and Higher Schools comes up for action at the next meeting of the Association.

GOVERNMENT AND OWNERSHIP

Pacific Lutheran College is owned and operated by the Pacific District of the Norwegian Lutheran Church of America. At one or more of the sessions of its annual delegate conventions the District resolves itself into the Pacific Lutheran College Association, a Washington corporation. From its membership at large this body elects annually three members of the Board of Trustees of the school for a term of three years and adopts resolutions pertaining to the general management and policies of the school. In 1941 a revision of the articles of incorporation provided for the election of additional Board members selected by the cooperating church groups and the Pacific Lutheran College Alumni Association, as indicated on page 6. The groups which thus cooperate are the Northwestern District of the American Lutheran Church, since 1930, and the Columbia Conference of the Evangelical Lutheran Augustana Synod, since 1932, (in cooperation with the California Conference since 1941). The Board of Trustees is responsible for the maintenance of the school, and elects president, faculty, and administrative staff. The President is the executive agent of the Board.

GENERAL AIM

Pacific Lutheran College, the only school of its kind on the Pacific Coast, has an open and increasingly important field, extending from San Diego, California, on the south, to Shishmaref, Alaska, on the north, and throughout the Rocky Mountain territory on the east. In this field it tries, with success, to provide trained leaders and intelligent and consecrated workers, to build Christian character, to develop a Christian view of life, to promote the highest type of citizenship, to help keep America Christian, to advance the righteousness that exalts a nation, and to make especially the Lutheran Church effective in its God-given mission. Its constant endeavor will therefore be to promote the highest intellectual development of its students, to give them a sound religious training, and to surround them with such character-building influences as best will fit them for a useful life in home, church, and state.

THE HOME OF THE SCHOOL

Parkland, the home of Pacific Lutheran College, is a suburb of the city of Tacoma, and is located in a region remarkable for the beauty and grandeur of its scenery. To the north, bordering on beautiful Commencement Bay, the gateway to the Orient, lies the city of Tacoma, with more than 150,000 inhabitants; to the west stretch the snow-clad ranges and peaks of the Olympic Mountains; to the south and east, tier above tier, roll the rugged foothills of the Cascade Mountains, with St. Helens and Adams in the distance, while, towering far above the surrounding peaks, rises the majestic cone of Mount Rainier, or Tacoma, with its mantle of eternal snow, a vision of unspeakable sublimity and beauty. Within this magnificent frame, and extending for miles, lie the beautiful, park-like prairies on which the College has its home.

In healthfulness Parkland can scarcely be surpassed. Situated midway between the Cascade Mountains and the Pacific Ocean, it enjoys the blending of the invigorating mountain breezes with the softer winds from the ocean and

has a mild, even temperature throughout the whole year. Pure air, pure water, good drainage, and excellent opportunity for outdoor exercise at all seasons make it an ideal place for students.

THE TEACHERS

The teachers of Pacific Lutheran College are men and women of broad training and successful experience. Loyal to the school, devoted to their work, enthusiastic and helpful in their attitude, they are able to supply the stimulus so essential in arousing and maintaining the intellectual interest of their students. In their daily contacts as teachers, companions, and advisers they seek to promote in their charges the ideals of Christian manhood and womanhood.

THE STUDENTS

The students of Pacific Lutheran College are a cross-section of the population of our West and represent the most varied occupations and conditions in life. Some come from wealthy homes, but the majority are young men or women of moderate, or even slender, means. Some of them have to support themselves while attending school, and practically all have been accustomed to hard work. They bring with them rugged energy and habits of economy and industry, coupled with an intense desire to learn and to improve themselves—qualities which are bound to make school work an inspiration and a joy.

THE EDUCATIONAL PLANT

The Main Building is a five-story brick structure, 190 feet by 78, heated by steam and lighted by electricity, and supplied with water from Tacoma's Green River gravity system. Above the first floor the building is partitioned off into two dormitories—one for the girls and one for the boys. In the Main Building are also housed the administration offices, reception rooms, most of the recitation rooms, the book store, the kitchen and dining room, as well as the apartments for the Dean of Men and the Dean of Women.

The library, comprising 27,320 accessioned volumes, exclusive of a large number of unbound magazines and pamphlets, has recently been transferred to the new fireproof Pacific Lutheran College Library building.

The chemistry laboratory and the biology laboratory are installed in the basement of the gymnasium building, and the physics laboratory was installed in the library building in the autumn of 1940.

The Gymnasium has a clear floor space of 50 by 80 feet for games and exercises; a stage twenty feet in depth, with dressing rooms on the sides; and a running track, serving as a spectators' gallery at athletic events.

The Chapel, a two-story frame building, 40 by 60 feet, has a seating capacity of about 325. It is used by the school for its daily devotional exercises and as a music hall.

The campus is covered with a natural growth of trees, chiefly fir and oak, interspersed with open spaces, and is bisected by beautiful Clover Creek, to the south of which is located the new athletic field, which comprises a football practice field, a baseball diamond, a running track, tennis courts, an archery range, and an athletic field for women. A College-owned 9-hole golf course adjoins the campus on the south.

The Board of Trustees of the College has approved a comprehensive and forward-looking plan for enlarging and beautifying the campus and for locating contemplated buildings, the first of which, a residence for the President, was erected in 1930. On October 23rd, 1937, the cornerstone of the Pacific Lutheran College Library was laid with appropriate ceremonies, and on May 1, 1939, the building was dedicated and taken into partial use. In the spring of 1938 the College acquired the Paul A. Preus home, north of the President's residence, for use as an auxiliary dormitory for girls. As the first monument to the efforts of the Pacific Lutheran College Dormitory Auxiliary, this building is appropriately named Auxiliary Hall. On August 5, 1941, the College purchased the Beckendorf residence, south of the gymnasium, for use as the College Infirmary. To pay for this infirmary and to provide funds for a dormitory for girls and a new heating plant are among the objectives of the Golden Jubilee Campaign, now in progress.

THE DEVELOPMENT ASSOCIATION

The Pacific Lutheran College Development Association consists of a large circle of friends of the school, who have agreed to contribute "at least a dollar at least once a year," in order to maintain the school and to develop it as rapidly and as efficiently as available resources and common sense will permit.

The Association was organized on September 23, 1928. On May 31, 1943, it had an enrolled membership of 11,158, who had contributed a total of \$109,024.80.

The membership is entirely voluntary and lapses automatically one year after the receipt of the last contribution. The Development Association has been officially endorsed by the cooperating church groups.

THE ENDOWMENT FUND

In the summer of 1927 friends and supporters of the College gave pledges toward a permanent endowment fund, payable over a five-year period in the sum of \$290,000. Of this sum \$150,065.75 had been paid on May 31, 1943, and pledges totaling \$20,126.89 had been cancelled by transfer to the library building fund. The investment of the endowment fund is in the hands of a committee appointed by, and responsible to, the Board of Trustees. The present members of this committee are: Mr. August Buschmann, Mr. George H. Fisher, Mr. A. L. Leknes, Mr. F. C. Mason, and President O. A. Tingelstad. The invested fund is managed by Mr. Ludvig Larson, Mr. Theodore Nelsson, and the President of the College, under mandate from the Board of Trustees.

The College Division

The College Division of Pacific Lutheran College offers four years of college work leading to the degree of Bachelor of Arts. The College Division consists of the College of Education and the College of Liberal Arts.

ADMINISTRATIVE REGULATIONS

Admission to Freshman Standing

In order to be admitted to Freshman standing, a student must present, in advance, a written application for admission, on the official certificate form used by the higher institutions in the state of Washington. This form may be obtained from any high school principal. Graduates of high schools in other states may receive this form from the Registrar of the College.

An applicant must be a graduate of an accredited high school or its equivalent. It is strongly urged that the high school training of the college entrant should include the following: English, 3 units; algebra, 1 unit; plane geometry, 1 unit; history and civics, 2 units; foreign language, 2 units; science, 1 unit; electives, 6 units. Students who are deficient in high school units in science, mathematics, or foreign language are expected to pursue courses in these fields during the first year of college. Elementary algebra is a fixed requirement for a degree.

A student must be able to furnish personal character recommendations satisfactory to the administrative officers of the College.

Registration

The registration of all students is conducted under the direction of the Dean and Registrar in cooperation with the divisions according to the schedule of classes for the college year. In order to secure credit for their work students must have their programs approved by the Registrar. All subsequent changes in programs must be similarly approved. The student will receive no credit for courses in which he is not properly enrolled.

During a semester, a student is expected to carry approximately sixteen credit hours of work in addition to physical education.

A credit hour represents one full period of prepared class work a week, or, if a laboratory subject, at least two periods per week, for not less than eighteen weeks.

Withdrawal From Courses

With the consent of the Registrar a student may withdraw from a course before the end of the sixth week without prejudice to his standing. During the second six weeks permission for withdrawal will be given only upon the consideration of health, outside work, or other matters for which the student is not held culpable. During the final six weeks of any semester the dropping of a course will result in a *failure* or an *incomplete*, depending upon whether or not the work has been of passing grade up to the time of withdrawal.

Student Responsibility

The student must accept full responsibility for meeting all graduation requirements, including majors and minors.

Marking System

A—96-100	Exceptionally good.
B—86-95	Above average.
C—76-85	Average.
D—70-75	Below average.
E	Below 70—no credit.
K	Conditioned. To be changed to D when condition is removed.
Inc.	Incomplete.
P	Passed without grade.

Conditions and incompletes must be removed within the following semester of residence in which the course is given, or no credit will be allowed.

Grade Points

To graduate, a student must earn grade points equivalent to the number of credit hours required. Each credit hour completed with a grade of A entitles him to 3 grade points, with a grade of B to 2 points, with a grade of C to 1 point, and with a grade of D to no point. One grade point is deducted for each credit hour with a grade of E.

Major and Minor Offerings

All students who wish to qualify for the degree of Bachelor of Arts must complete the majors and minors required by the College of Education or the College of Liberal Arts, as the case may be. In 1942-43 majors were offered in the following fields: classical languages, English, speech, Christianity, business administration, education, history, health and physical education, sociology, social science, general science, biology, chemistry, physics, mathematics, art, and music. The specific requirements in the major field are to be determined by the department concerned. A minor may be completed in any department offering a major, or in any of the following: Greek, Latin, French, German, Norwegian, political science, and psychology.

THE COLLEGE OF EDUCATION

The College of Education offers the academic and professional courses required by the State Department of Education. Upon completion of requirements the student is granted a Bachelor of Arts degree and is eligible for certification for teaching in the elementary grades and the junior high school.

The College recognizes, in the preparation of teachers, the need for a curriculum which will provide an acquaintance with the major fields of learning. It therefore recognizes the professional need of liberal and scientific studies as well as the pedagogical aspects of these studies and the technical phases of education.

The College provides two curricula—Elementary and Junior High School. In these curricula the differentiation lies primarily in the teaching and technique courses.

CERTIFICATION OF TEACHERS IN THE STATE OF WASHINGTON

Beginning September 1, 1942, the State Board of Education requires graduation from a four-year curriculum, with the degree of Bachelor of Arts, for the certification of teachers in the elementary and junior high schools of the state. A Three-Year Elementary Certificate is granted to applicants who have completed the requirements and who are recommended by institutions in the state which train elementary teachers. Pacific Lutheran College is such an institution.

The Three-Year Elementary Certificate is valid for three years. It may be renewed once for three more years upon the completion of ten additional semester hours of credit. After one renewal the holder must meet the requirements for the Six-Year Standard Certificate which is valid for six years.

To procure the Six-Year Standard Certificate an applicant must possess the Bachelor of Arts degree and have had two years of successful teaching experience, upon a Three-Year Elementary Certificate. The Six-Year Elementary Certificate may be renewed as many times as required by completing six semester hours of credit in an accredited institution training elementary teachers, provided the credit hours are taken during the six years the certificate is valid.

If a Six-Year Standard Elementary Certificate lapses it may be renewed by the completion of four semester hours of credit in addition to the regular renewal requirements, provided the certificate has not lapsed for more than five years. If it has lapsed for more than five years, ten semester hours of credit beyond regular renewal requirements are needed to renew the certificate.

Moratorium on Certification During Manpower Emergency

A. War Emergency Certificate

"A war emergency certificate shall be issued by the Superintendent of Public Instruction upon recommendation of teacher-training institutions in the State, on the basis of three years of training (including practice teaching) in an elementary institution for teaching in an elementary school. This certificate is in force during the manpower emergency (as determined by the State Board of Education) and three years beyond, provided the teacher is continuously teaching on this certificate. It is understood that the granting of this certificate will cease when the State Board declares the manpower emergency at an end. The above training must have been completed on the basis of at least three quarters (two semesters) residence in the institution recommending the certificate, but it is not required to complete requirements for regular certification in the institution which recommended the certificate."*

B. Freezing of Certificates

"Three-year elementary certificates based upon three years of preparation shall be extended during the manpower emergency (as determined by the State Board of Education) and the holder thereof allowed one year beyond for the completion of the 15 credit-renewal (10 semester credit hours) or six-year standard requirements, provided the teacher is continuously teaching on this certificate."*

*Minutes, State Board of Education, Meeting, December 22, 1942

Requirements for the Elementary Principal's Credential

An applicant may qualify either under A or B:

A. Two or more years of thoroughly successful experience as principal of an

elementary school of six or more teachers. (This provision applies only to candidates who gained their experience prior to September 1, 1936, the time at which the State Board regulation became effective.)

- B. At least two years of successful teaching experience in the elementary school or the junior high school plus eight semester hours of professional courses relating to elementary administration and supervision taken subsequent to at least one year of teaching experience. An elementary certificate is a prerequisite for an elementary principal's credential.

Prescribed and Recommended Courses

Not less than four semester hours of the required number of credits must be from List A covering at least two of the enumerated fields. The remaining credits may be from either list. Other courses within the field of elementary education may also be offered subject to evaluation. All courses presented toward satisfying the requirements for an elementary principal's credential must have been completed within ten years prior to date of application.

COLLEGE OF LIBERAL ARTS

The College of Liberal Arts aims to give high-school graduates four years of training in the superior forms of culture and of social and religious fellowship. Whether the students are destined to enter one of the professions or to become farmers, merchants, engineers, contractors, home-makers, or any other kind of workers, the training they receive here should make them more sensitive to the world of truth and beauty about them, more alert to the happenings in their community or in the world at large, and, especially, more ready to appreciate the finer things outside their own vocations: good literature, good art, good music, good housing, good city planning, good government—in short, the most desirable things in our common life. These courses aim also to arouse the spirit of scholarship, that intellectual curiosity which asks for a reason, that interpretative thinking which looks for the hidden motives of things and penetrates to where are the issues of life. Finally, they aim to develop a firm and kindly philosophy of life, a philosophy born, not of pagan or semi-pagan beliefs or ideals, but of the example and teachings of the God-man, Jesus Christ, constraining its adherents to do justly, love mercy, and walk humbly with their God.

GRADUATION REQUIREMENTS

College of Liberal Arts

The College offered the first three years of Liberal Arts in 1941-42, and added the fourth year, leading to the Bachelor of Arts degree, in 1942-43.

Junior-Senior Years

Programs during the Junior-Senior years should be arranged on the basis of the major and minor requirements of the particular student. All programs should be made in consultation with the major adviser.

PRE-NURSING COURSE

Schools of Nursing normally recommend a pre-professional course beyond high school. In harmony with this recommendation Pacific Lutheran College is now cooperating with the Tacoma General Hospital, the Swedish Hospital at Seattle, and the California Lutheran Hospital at Los Angeles. The following subjects were given in 1942-43:

1st Semester	Credit	2nd Semester	Credit
English 1	3	English 2	3
Chemistry 1	4	Chemistry 2	4
Anatomy	3	Physiology	3
Nursing History	2	Psychology	3
Sociology	3	Christianity	2

COURSES OF INSTRUCTION

The descriptive summaries that follow are designed to constitute both a record of the courses actually given in 1942-43 and an announcement of what will be offered in 1943-44. The teachers are listed by departments in accordance with the division of the teaching load in 1942-43 and the courses actually given during the year have the names of the respective instructors attached.

Courses open to freshmen and sophomores are numbered 1-99 and are considered lower division subjects. Courses open to juniors and seniors are numbered 100 or above and are regarded as upper division subjects.

The student should have his entire program made up of subjects in the divisions in which he classifies. In exceptional cases sophomore students may be assigned to an upper division course if the prerequisites for said course have been met.

Miss Botten

Physical Education and Health

MR. P. G. STROMBO, MISS ALICE COLYAR, MRS. RHODA H. YOUNG,
MISS ASTRID E. KASEN, MR. C. A. BAROFSKY

Minor in the College of Education: 12 credit hours exclusive of activities.

Health Education**1. HEALTH ESSENTIALS**

The hygiene of the school child; hygienic school equipment and environment; the school a center of influence for health work in the community.

Three credit hours. First and second semesters. Miss Colyar, Mrs. Young

54. FIRST AID

The Official Red Cross course in First Aid is given.

One credit hour. Second semester.

Miss Colyar, Miss Kasen

57. THE HISTORY OF NURSING

A study of the history of nursing practice.

Two credit hours. First semester.

Miss Kasen

58. HOME NURSING

A study of nursing in the home. Not open to pre-nursing students.

Two credit hours. First semester.

Miss Kasen

78. NUTRITION FOR STUDENT NURSES

Composition and nutritive value of foods; food preparation; physiological needs in relation to food. Open to student nurses only. (See Home Economics).

Four credit hours. Second semester.

Physical Education**Courses for Women****1, 2, 3, 4, 5, 6, 15, 16. ACTIVITIES**

Folk dancing, gymnastics, basketball, volley ball, baseball, archery. Required of all freshmen, and Liberal Arts sophomores.

Two periods a week. Plus credit.

Miss Colyar, Mrs. Young

31. ELEMENTARY SCHOOL ATHLETIC PROGRAM

Progressive series of games and athletic activities from the elementary games of low organization to the more highly organized games of the junior high level. Required of sophomores in the College of Education.

Two credit hours. First semester.

Miss Colyar

32. RHYTHMIC ACTIVITIES FOR SMALL CHILDREN

Rhythmic activities suitable for kindergarten and primary children, methods of presentation, lecture and practice. Requirement for sophomores in the College of Education.

Two credit hours. Second semester.

Miss Colyar, Mrs. Young

112. METHODS IN PHYSICAL EDUCATION

Techniques and methods in teaching folk dancing and the seasonal sports. Practice in game skills, teaching and refereeing.

Two credit hours. First and second semester.

Miss Colyar, Mrs. Young

121. PRINCIPLES OF HEALTH AND PHYSICAL EDUCATION

The place of health and physical education in the school program, aims, objectives, content of the program, and modern trends.

Two credit hours. First semester.

172. CAMP ADMINISTRATION AND ORGANIZATION

Camp administration and organization theory and practice. Camp activities and how to conduct them.

Two credit hours.

Courses for Men**7, 8, 9, 10, 11, 12, 13, 14. ACTIVITIES**

Participation in seasonal sports—football, touch football, volley ball, tennis, golf, basketball, and baseball.

Two periods per week. Plus credit.

Mr. Strombo, Mr. Barofsky

105. PHYSICAL EDUCATION TECHNIQUES

The technique of teaching physical education in the grades and junior high schools.

Two credit hours. First semester.

Mr. Strombo

114. BOY SCOUT LEADERSHIP

The official course in Boy Scout Leadership is given.

One credit hour. Second semester.

130. COACHING TECHNIQUES

Football, basketball, and other sports.

Two credit hours. Second semester.

Mr. Strombo

Political Science

MR. M. N. FRANCK, MISS MAY F. CROSNÓ

A minor in the department of Political Science must include 12 hours.

20. HISTORY AND GOVERNMENT OF THE STATE OF WASHINGTON

See History 20.

Miss Crosno

57. AMERICAN GOVERNMENT

A study of the American national government, with special attention to practical operation and contemporary reforms; the state and local governments, with special attention to practical operation and contemporary reforms in Washington.

Three credit hours. First semester.

Mr. Franck

58. EUROPEAN GOVERNMENTS

The organization and operation of the governments of England, France, Germany, Russia, and Switzerland, with special attention to the government of England.

Three credit hours.

60. INTERNATIONAL PROBLEMS

International cooperation; problems of defense; hemisphere solidarity and power politics; geo-politics and international economics.

Three credit hours.

116. POLITICAL PARTIES

Party history and organization; nominations and elections; campaigns and conventions; electoral problems and administration; bossism in local politics; pressure groups; platforms.

Two credit hours.

117. PUBLIC ADMINISTRATION

The art and science of management applied to the affairs of the state; intergovernmental relations; administrative law and quasi-judicial practices; civil service; budget and fiscal control; centralization, coordination, integration in administration; administrative areas. Prerequisite: American Government.

Three credit hours.

118. THE AMERICAN CONSTITUTION

The historical basis of the American Constitution; the Convention deliberations; uniqueness of the Constitution; forces that molded the Constitution up to the present; judicial review; the new interpretations; constitutionalism vs. totalitarianism.

Three credit hours.

186. GEOPOLITICS

See Geography 186.

Mr. Franck

Psychology

MR. E. TINGELSTAD, MISS ANNA M. NIELSEN

The department of Psychology offers a minor which consists of 12 hours.

1. GENERAL PSYCHOLOGY

An introductory course acquainting the student with such basic processes, terminology and concepts as attention, perception, memory, feeling, volition, behavior, intelligence, personality. Illustrative applications of various kinds; simple experiments.

Three credit hours. First and second semesters. Mr. Tingelstad, Miss Nielsen

52. PSYCHOLOGY OF ADJUSTMENT

The application of psychological facts and principles to the adjustment of individuals to the problem of life from birth to old age. Prerequisite: General Psychology.

Three credit hours. Second semester.

103. EDUCATIONAL PSYCHOLOGY

On approval of the department may be counted toward the minor in Liberal Arts. (See Education 103.)

Three credit hours. Second semester.

Mr. Tingelstad

108. CHILD DEVELOPMENT

Three credit hours. Second semester.

111. PSYCHOLOGY OF MALADJUSTMENT

The application of psychological facts and principles to the problems of maladjusted personalities. Symptoms, causes, remedial procedures for abnormal states. Prerequisite: General Psychology.

Three credit hours.

120. SOCIAL PSYCHOLOGY

A study of the psychological foundations of group life. Analysis of social behavior. Effect of the individual on the group, and of the group on the individual. Custom, fashion, war, public opinion, etc., in the light of psychological principles.

Three credit hours. Second semester.

Mr. Tingelstad

Sociology

MISS GEO RENEAU, MR. H. G. RONNING, MR. E. TINGELSTAD

Major in Sociology, College of Liberal Arts: 24 credit hours.

Major in Sociology, College of Education: 20 credit hours.

Minor: 15 credit hours, College of Liberal Arts; 12 credit hours, College of Education.

The College of Liberal Arts offers a social science major of 30 credits taken in the fields of sociology, business administration, and political science. At least 15 credit hours of the work must be taken in one field.

The College of Education offers a similar major with 30 credit hours.

For a social science minor 18 credit hours are required.

51. INTRODUCTION TO SOCIOLOGY

This course is designed to acquaint the student with the fundamental laws governing human relations. Problems of social structure, social processes, social motives will be considered.

Three credit hours. First semester.

Miss Reneau

52. THE FAMILY

A study of the structure, development, and problems of the family.

Three credit hours. Second semester.

Miss Reneau

101. SOCIAL LEGISLATION

Historical and critical analysis of social legislation in Europe and America, with special emphasis upon social legislation in the United States and in the state of Washington.

Three credit hours. First semester.

104. LABOR PROBLEMS

A study of the history, nature and treatment of labor problems in the United States.

Three credit hours. Second semester.

106. CRIME AND DELINQUENCY

An analysis of causes, forms, and methods of treatment.

Three credit hours.

107. COOPERATIVES

A study of consumers' and producers' cooperation as a method of solving modern economic, social, and educational problems; the progress of the movement during the last century from early beginnings to international proportions.

Two credit hours. First semester.

Mr. Ronning

108. **MINORITY PROBLEMS**

The emphasis will be upon minority problems in the United States.

Two credit hours.

112. **SOCIAL TRENDS**

A study of recent and present-day trends in sociology in the world.

Three credit hours. Second semester.

Miss Reneau

120. **SOCIAL PSYCHOLOGY**

See Psychology 120.

Three credit hours. Second Semester.

Mr. Tingelstad

125. **FIELD OF SOCIAL WORK**

Three credit hours. First semester.

Miss Reneau

IV. DIVISION OF MATHEMATICS AND NATURAL SCIENCES

This division plans to offer majors in biology, chemistry, physics, and mathematics and a teaching major in mixed science for students in the College of Education. A major consists of a minimum of 24 hours of approved courses. Enrollment in the courses called Independent Study is limited to students majoring in the department concerned who have demonstrated their ability to do independent work, and permission of the head of the department is required before registration.

Students contemplating advanced study in any of these departments should acquire a reading knowledge of French and German as soon as possible.

General Science

MR. A. V. ARLTON, MR. A. W. RAMSTAD, MR. PAUL K. PREUS

A major in science may be obtained by taking two years work in one science and one year in each of two other sciences. A student choosing this mixed science major will be exempt from the requirement of Science 21 and Science 22.

21. **INTRODUCTION TO BIOLOGICAL SCIENCE**

A survey course including a brief study of the plant kingdom and of the animal kingdom. Lectures, demonstrations, and field trips.

Three credit hours. Second semester.

Mr. Arlton

22. **INTRODUCTION TO PHYSICAL SCIENCES**

A survey of the fundamental principles in chemistry, physics, astronomy, climatology, and geology. Lectures and laboratory demonstrations.

Three credit hours. First semester.

Mr. Ramstad.

51. **ENVIRONMENTAL STUDIES**

A study of objects, forces, and conditions that will function for the elementary and intermediate grade teacher as material for nature study.

Two credit hours. First semester.

Mr. Arlton

52. **ELEMENTARY SCHOOL SCIENCE**

Given as Science of the Elementary School, second semester, 1942-43.

Two credit hours. First semester.

Mr. Arlton

65. **PRIMARY PILOT TRAINING**

In 1942-43 a course in pre-flight aeronautics was offered instead.

Three credit hours. Second semester.

Mr. Preus

66. **SECONDARY PILOT TRAINING**

Four credit hours. Second semester.

Biology

MR. A. V. ARLTON, MR. P. G. STROMBO,
MISS ASTRID E. KASEN

A major consists of a minimum of twenty-four hours, twelve hours of which may be lower division courses and twelve hours or more in the upper division (numbers over 100). One year of chemistry is required by students majoring in Biology, but this does not apply toward the twenty-four hours in the Biology major. General college physics and a year of college mathematics are strongly recommended. A minor consists of a minimum of fourteen hours. A major in the College of Education consists of a minimum of twenty semester hours, twelve of which may be in lower division.

55, 56. GENERAL ZOOLOGY

A study of the animal kingdom, invertebrates first semester, vertebrates second semester; dissection. Alternates with courses 57 and 58. Two lectures and two laboratory periods per week.

Four credit hours per semester.

Mr. Arlton

57, 58. BOTANY

A study of the plant kingdom; structure first semester, life history second semester. Two lecture hours and two laboratory periods per week.

Four credit hours per semester.

61. HUMAN ANATOMY

A study of the morphology of the human body. The course is planned particularly to meet the needs of pre-nursing students. Two lectures and one laboratory period per week.

Three credit hours. First semester.

Mr. Arlton

62. HUMAN PHYSIOLOGY

A study of the functions of the human body. The course is planned particularly to meet the needs of pre-nursing students. Two lectures and one laboratory period per week.

Three credit hours. Second semester.

Miss Kasen, Mr. Arlton

66. MICROBIOLOGY

Bacteria, yeasts, molds, and parasitic animals in their relation to disease. Three lecture hours and one laboratory period per week.

Four credit hours. Second semester.

Mr. Arlton

91. HEREDITY

A study of the inheritance of physical and psychical characteristics. Two lectures per week. Prerequisites: Zoology and botany or consent of instructor.

Two credit hours. First semester.

92. ORNITHOLOGY

A study of the structure, habits, adaptations, migration, classification, and economic importance of birds. Identification of local birds. Lectures, laboratory study, and field trips. Prerequisite: Biology 56 or consent of instructor.

Two credit hours. Second semester.

116. COMPARATIVE ANATOMY

A comparative study of vertebrates with dissection of representative animals. One lecture and three laboratory periods a week. Prerequisite: Biology 56.

Four credit hours.

141. EMBRYOLOGY

A microscopic study of the development of vertebrates; a panoramic view of

heredity in action. Two lectures and two laboratory periods per week. Prerequisite: Biology 56. Alternates with Histology. Offered in 1943-44.

Four credit hours. First semester.

143. HISTOLOGY

A microscopic study of the cell structure of the tissues of vertebrates. Two lecture hours and two laboratory hours per week. Prerequisite: Biology 56. Alternates with Embryology. Not offered in 1943-44.

Four credit hours. First semester.

201, 202. INDEPENDENT STUDY

Investigations in fields of special interest may be made by students majoring in biology, who have demonstrated their ability to do independent work. Prerequisite: consent of the department.

One or two credit hours per semester to be arranged.

Chemistry

MR. A. W. RAMSTAD, MR. PAUL K. PREUS

A major requires 24 hours of courses above 50. In addition, a year of physics, college algebra, and trigonometry are required of all students majoring in chemistry. A year of biology is also recommended.

11, 12. GENERAL CHEMISTRY FOR NURSES

A course covering the fundamental principles of chemistry, with special emphasis being placed on chemical reactions that take place in the human body. Three hours of lecture and one three-hour period of laboratory.

Four credit hours. First and second semesters.

Mr. Ramstad

51, 52. GENERAL INORGANIC CHEMISTRY

The fundamental chemical theories; the chemistry of the non-metallic and metallic elements. Two lectures and two laboratory periods per week.

Four credit hours per semester.

Mr. Ramstad, Mr. Preus

111. QUALITATIVE ANALYSIS

Two lectures and two laboratory periods per week, one semester.

Four credit hours. First semester.

Mr. Ramstad

112. QUANTITATIVE ANALYSIS

Volumetric and gravimetric methods. Two lectures and two laboratory periods per week. Prerequisites: Chemistry 51, 52, and 111.

Four credit hours. Second semester.

Mr. Ramstad

121, 122. ORGANIC CHEMISTRY

A general study of the carbon compounds, both the aliphatic and the aromatic. Two lectures and two laboratory periods per week. Offered first time in 1941-42, to alternate with qualitative and quantitative chemistry.

Four credit hours per semester.

197, 198. INDEPENDENT STUDY

To be arranged by the department.

One or two credit hours per semester.

Physics

MR. O. M. JORDAHL

A major in Physics shall consist of at least 24 credit hours, and a minor shall consist of at least 14 credit hours. Course 30 is acceptable toward a minor but not toward a major. As supporting subjects for a major one year of college chemistry and calculus are required.

30. METEOROLOGY AND AIR NAVIGATION

This course includes study of general relations of weather to flying, physiography, and instruments and methods used for air navigation. Prerequisite: Consent of instructor.

Two credit hours. Second semester.

61, 62. GENERAL COLLEGE PHYSICS

A course designed as an adequate foundation for further study in physics and to meet entrance requirements for admission to schools of medicine and engineering. First semester: mechanics, heat, and sound; second semester, electricity and magnetism and light. Three lecture-recitations and one two-hour laboratory period per week. Prerequisite: higher algebra (Math. 51 or equivalent).

Four credit hours per semester.

Mr. Jordahl

63, 64. ENGINEERING PROBLEMS

This course may be taken concurrently with Physics 61-62 to acquire 10 credit hours to meet certain pre-engineering requirements. Prerequisites: trigonometry and consent of instructor.

One credit hour per semester.

Mr. Jordahl

91, 92. MODERN PHYSICS

A course covering the important developments in the field of physics since 1895. Topics included are: the isolation of the electron and the measurement of its charge, isotopes and mass spectrograph studies, radioactivity, simple theory of atomic structure, X-rays, and nuclear disintegration. Lectures and outside reading. Prerequisites: Physics 61-62, Mathematics 61 and 62.

Two credit hours per semester.

115. HEAT

An intermediate course dealing with calorimetry, temperature measurement, methods of heat transfer, thermal properties of substance, and an introduction to thermodynamics. Two lectures and one 3-hour laboratory period per week. Prerequisites: Physics 61-62, Mathematics 61-62.

Three credit hours. First semester.

Mr. Jordahl

116. LIGHT

General principles of geometrical and physical optics and study of optical instruments. Two lecture-recitations and one laboratory period per week. Prerequisites: Physics 62, Mathematics 61-62.

Three credit hours. Second semester.

120, 121. AERODYNAMICS AND POWER PLANTS

Three credit hours. First and second semesters.

152. ANALYTICAL MECHANICS

A theoretical and mathematical course which will be acceptable toward a major in either physics or mathematics. It deals with statics, dynamics, and kinetics. Prerequisites: Physics 61-62; co-requisite, integral calculus.

Four credit hours. Second semester.

154. THERMODYNAMICS

Fundamental laws, heat engines, thermodynamic potentials, specific heats, changes of state, chemical equilibria. Prerequisites: Physics 115, Mathematics 111 and 112.

Three credit hours. Second semester.

Mr. Jordahl

197, 198. INDEPENDENT STUDY

Prerequisite: consent of department head.

One or two credits per semester.

Mathematics

MR. O. M. JORDAHL, MR. O. J. STUEN, MR. A. W. RAMSTAD,
MISS ANNA M. NIELSEN

A major in Mathematics shall consist of at least 24 hours of courses with numbers above 50. As supporting subject, a year of college physics is required. A minor shall consist of at least 12 hours including course 111.

6. PRINCIPLES OF MATHEMATICS

A thorough study of the principles of mathematics as a background for teaching the subject in elementary and junior high schools.

Two credit hours. First and second semesters.

Miss Nielsen

51. HIGHER ALGEBRA

A thorough review of high-school algebra and a continuation beyond quadratics. Four periods per week. Prerequisite: one year of high-school algebra.

Three credit hours. First semester.

Mr. Jordahl

54. SOLID GEOMETRY

The relations of planes and lines in space; the properties and measurements of prisms, pyramids, cylinders, cones, and spheres; original exercises and constructions. Four periods per week. Prerequisites: plane geometry, one year of high-school algebra.

Three credit hours. Second semester.

61. PLANE TRIGONOMETRY

Circular measurements of angles, proofs of the principal formulas, the use of inverse functions, solution of right and oblique triangles. Prerequisite: Mathematics 51 or equivalent.

Four credit hours. First semester.

Mr. Stuen

62. COLLEGE ALGEBRA

A continuation of course 51: progressions, binomial theorem, complex numbers, theory of equations, determinants, and partial fractions.

Four credit hours. Second semester.

Mr. Jordahl

64. PLANE ANALYTIC GEOMETRY

Loci, the straight line and the circle, polar coordinates, conic sections, tangents and normals, the general equation of the second degree. Prerequisite: Mathematics 54 and 61.

Three credit hours. Second semester.

111, 112. DIFFERENTIAL AND INTEGRAL CALCULUS

This course lays the foundation for all advanced work in mathematics and is a basic tool for advanced work in physics and engineering. Involves review of previous mathematics courses. Prerequisites: Mathematics 62 and 64.

Four credit hours per semester.

Mr. Jordahl

152. ANALYTICAL MECHANICS

See Physics 152.

Four credit hours. Second semester.

161, 162. DIFFERENTIAL EQUATIONS

Prerequisite: Mathematics 111 and 112. Offered on demand.

Two credit hours per semester.

Mr. Jordahl

197, 198. INDEPENDENT STUDY

Open to advanced students with consent of the department.

One or two credit hours per semester.

V. DIVISION OF FINE ARTS**Art**

MISS DORA A. BERG, MR. J. P. PFLUEGER

Requirements for a major in Art, in the College of Liberal Arts, are twenty-seven credit hours including 10, 55, 56, 65, 74, 75, 109, 110, 115, 116, and electives to complete requirement.

Suggested courses from other departments for art majors are: literature and foreign language, preferably French.

Requirements for a minor in the College of Liberal Arts are twelve credit hours including 55, 56, 65, 115, and 116.

Requirements for a major in Art, in the College of Education, are twenty credit hours including 10, 55, 56, 74, 115, 116, 121 or 131 with electives to complete requirements.

Requirements for a minor in the College of Education are twelve credit hours including 10, 55, 74, 121 or 131.

10. INTRODUCTION TO FINE ARTS

Principles of aesthetics; the understanding and appreciation of beauty as it appears in the various arts.

Three credit hours. Second semester.

Mr. Pflueger

55. FUNDAMENTALS IN ART

This is a course giving the basic fundamentals of art, including a thorough study of proportion, values, composition, perspective, and color theory, which are necessary for creative expression. Media are pencil, charcoal, water colors, and pastel. Six hours laboratory per week.

Three credit hours. First semester.

Miss Berg

56. DRAWING AND PAINTING

Prerequisite: Art 55. Four hours laboratory per week.

Two credit hours. Second semester.

Miss Berg

65. CREATIVE DESIGN

Attention is concentrated on the principles of design which are developed through the study of line, mass, color, and space relationships. The work is planned so as to develop appreciation and to stimulate originality in the actual creation of good design. Four hours laboratory per week. Not offered in 1943-44.

Two credit hours. First semester.

Miss Berg

66. CRAFTS

In this course, original designs are applied to miscellaneous handicraft problems. Prerequisite: Art 65. Four hours laboratory per week. Not offered in 1943-44.

Two credit hours. Second semester.

Miss Berg

74. CLAY MODELING

This is a course in the various methods of modeling in clay. Application of these methods is made to pottery and small figures. Individual instruction is given in plaster casting. Four hours laboratory per week. Offered in 1943-44.

Two credit hours. First semester.

75. POSTER DESIGN

Principles of lettering and letter construction with a brief history of the alphabet. This is followed by the planning of the layout and painting of posters. Four hours of laboratory per week. Offered in 1943-44.

Two credit hours. Second semester.

109, 110. OIL PAINTING

Pictorial arrangements of still-life, figure, and landscape work rendered in oils. Emphasis placed on composition, values, color, and brush technique. Prerequisites: Art 55, 56. Four hours laboratory per week.

Two credit hours per semester.

Miss Berg

115, 116. ART HISTORY AND ART APPRECIATION

The course is planned to increase the student's appreciation of works of art. In the first semester a general survey is made of architecture and sculpture throughout the ages. In the second semester, painting is treated in a similar way. Lectures with illustrations.

Three credit hours per semester.

118. SPECIAL PROBLEMS

A course planned for advanced students majoring in art who wish to secure greater proficiency in any particular field in which the student feels more training is needed.

Two to four credit hours to be arranged with instructor.

Miss Berg

121. PUBLIC SCHOOL ART

A course planned for those who intend to teach art in grades 1-6 inclusive. Technical skill in handling problems suitable to these grades is developed. Sufficient appropriate projects in drawing, design, and construction are worked in several media to illustrate the types of work which are suitable to the interests and abilities of these pupils. Prerequisites: Art 55, 56. Four hours combined lecture and laboratory per week.

Two credit hours. Second semester.

Miss Berg

125. INDUSTRIAL ART

This is a course planned to stimulate creative ideas and adapted to problems in crafts suitable for children in the public schools. Articles, such as can be easily obtained, are decorated in various media and made attractive for practical use. Four hours laboratory per week.

Two credit hours. First semester.

131. JUNIOR HIGH SCHOOL ART

A course planned for those who intend to teach art in grades 7-9 inclusive, and planned similarly to Art 121. Four hours combined lecture and laboratory per week. Prerequisites: Art 55, 56.

Two credit hours.

Music

MR. KARL E. WEISS, MR. G. J. MALMIN, MR. E. M. AKRE, Assisted by
MRS. ALICE WEISS, MRS. MABEL M. DILTS, and
MR. W. C. SCHNACKENBERG

A major in Music shall consist of a minimum of 24 semester hours, not counting Music 1 or beginners' instruction in applied music. In the College of Liberal Arts, a major shall include Music 51, 52, 111, 112, 121, and 122. In the College of Education, a major shall include Music 51, 52, 114, 115, 116, 121, and 122. Students majoring in Music shall take at least one semester of Voice and

one of Piano, and are urged to specialize in some branch of applied music. It is also recommended that music students study some regular instrument of the band or orchestra and take an active part in either a vocal or an instrumental organization or both.

A minor in Music shall consist of a minimum of 18 semester hours, including Music 51, 52, 111, and 112.

1. **FUNDAMENTALS OF MUSIC**

A study of the rudiments of music, including some sight-reading, the history of music, and music appreciation. The purpose of the course is to give the general student and especially the prospective teacher a general understanding and appreciation of the art of music.

Three credit hours. First and second semesters.

Mr. Weiss

51. **HARMONY**

Progression and construction of triads and seventh chords in their fundamental and inverted positions. Prerequisite: Course 1 or satisfactory knowledge of piano.

Three credit hours. First semester.

Mr. Malmin

52. **HARMONY**

Classification and treatment of irregular notes in relation to chords; harmonization of melodies.

Three credit hours. Second semester.

Mr. Malmin

57. **VOICE**

Principles of corrective breathing and tone placement; songs for rhythm, accents, and enunciation.

One credit hour per semester.

Mrs. Dilts

58. **VIOLIN**

One credit hour per semester.

59. **PIANO**

Development of touch, technique, form, rhythm, expression, and interpretation.

One credit hour per semester.

Mr. Weiss

60. **PIPE ORGAN**

The acquisition of technique and independence in playing upon the manuals. Prerequisite: satisfactory piano technique.

One credit hour per semester.

61. **BAND INSTRUMENTS**

Private lessons in cornet, horns, and other valve instruments.

One credit hour per semester.

62. **PACIFIC LUTHERAN COLLEGE CHOIR**

Membership determined by tryout and limited to fifty. *A cappella* singing of sacred music.

One credit hour per semester.

Mr. Malmin

63. **PACIFIC LUTHERAN COLLEGE CHORUS**

A second choir organized in 1937, to provide musical training and experience for students not in the choir.

One credit hour per year.

Mr. Schmackenber

68. **ORCHESTRA**

Membership in the college orchestra is open to any student having adequate knowledge of his instrument. The organization is maintained to give the stu-

dents practical experience in orchestral work and also to acquaint them with the works of well known composers.

One credit hour per year.

69. **BAND**

An organization for concert as well as for appearances at athletic events.

One credit hour per year.

Mr. Akre

111. **ADVANCED HARMONY**

Treatment of dissonances; harmonization of melodies continued.

Three credit hours. First semester.

Mr. Malmin

112. **SIMPLE COUNTERPOINT**

Writing in the five species in two, three, and four parts. Prerequisite: advanced harmony.

Three credit hours. Second semester.

Mr. Malmin

114. **MUSIC METHODS**

Special study of grade-school songs, use of phonograph records, rhythm bands, school orchestras; a comprehensive study of problems, methods, and materials for use in teaching music in the grades.

Two credit hours. Second semester.

Mr. Weiss

115. **CHOIR CONDUCTING**

The technique of conducting. Problems of church music.

Two credit hours. Second semester.

116. **INSTRUMENTAL TECHNIQUE AND ORCHESTRATION**

The practical study of the instruments of the orchestra, and of the problems of transposition and arrangements for orchestra, band, and smaller groups of instruments. Prerequisites: Music 3 and 4, or, with permission of instructor, Music 1.

Two credit hours. First semester.

121. **THE HISTORY AND LITERATURE OF MUSIC**

Ancient music, with emphasis on music in the Bible. The rise of church music. Polyphony. The beginning of opera and oratorio. The age of Bach and Handel. Prerequisites: Music 1 or equivalent.

Three credit hours. First semester.

Mr. Weiss

122. **THE HISTORY AND LITERATURE OF MUSIC**

The classical school. Beethoven. Romanticism. The music drama of Richard Wagner. Modern schools. Prerequisite: Music 1 or equivalent.

Three credit hours. Second semester.

Mr. Weiss

SUMMER SESSION

For special Summer Session bulletin and information address the Director of the Summer Session, Pacific Lutheran College, Parkland, Washington. (See p. 5.)

EXTENSION WORK

Following are the courses given for credit outside of regular schedules in 1942-43: Late Nineteenth Century Literature, 3 hrs., Mr. Ranson; Contemporary Literature, 3 hrs., Mr. Ranson; Introduction to Philosophy, 3 hrs., Mr. Pflueger; Ethics, 3 hrs., Mr. Pflueger; School Administration, 3 hrs., Miss Nielsen; Special Project in Educational Administration, 2 hrs., Mr. Ronning; United States in World Affairs, 3 hrs., Mr. Akre; Introduction to Industrial Arts, 2 hrs., Mr. Sannerud; Individual Study in Physical Education, 2 hrs., Miss Colyar; Principles of Health and Physical Education, 2 hrs., Miss Colyar; Meteorology and Air Navigation, 4 hrs., Mr. Ramstad; Fundamentals of Music, 3 hrs., Mr. Malmin.

The High School Division

MISCELLANEOUS INFORMATION

Accreditation

The High School Division is fully accredited by the Washington State Board of Education.

Program for 1943-44

During the school year 1943-44 the upper three years of high-school work (grades 10, 11, and 12) will be given.

Entrance Requirements

Applicants of good moral character who have completed the ninth grade of the public school or its equivalent are admitted upon presenting the proper credentials and recommendations and paying the required fees.

Advanced Standing

Admission to advanced standing will be granted any student who presents credentials for work satisfactorily done in any standard public or private high school.

Student Load

As a general rule, students should register for only four regular subjects, exclusive of Bible study and physical training. No student may drop a class without special permission from the teacher and the Principal.

Requirements for Graduation

Sixteen units, grouped in an approved curriculum, including all specific requirements fixed by the State Board of Education, are required for graduation. A *unit* represents work satisfactorily done in a subject which has been pursued five times a week, in periods of not less than forty-five minutes, during a school year of at least thirty-six weeks.

Scale of Grades

A—96 to 100; B—86 to 95; C—76 to 85; D—70 to 75; E—Below 70—No credit.

Registration Days

Registration for the fall semester begins Monday, September 13, 1943, and for the spring semester, Monday, January 31, 1944.

Records and Reports

A record of a student's attendance and scholarship is kept in the Registrar's office. A report of the student's progress is sent to parents or guardians at the end of each nine weeks, or oftener if requested.

Each student is given one free transcript of record. Additional transcripts may be secured at \$1.00 each.

HIGH SCHOOL COURSES

The descriptive summaries that follow are designed to constitute both a record of the courses actually given in 1942-43 and an announcement of what will be offered in 1943-44. The teachers are listed by departments in accordance with the division of the teaching load in 1942-43, and the courses which were actually given during the year have the names of the respective instructors attached.

Christianity (Bible Study)

MR. A. V. ARLTON, MR. E. TINGELSTAD, Assisted by the
COLLEGE PASTOR

Because the Bible is the most important book in the world, and because a knowledge of its contents is essential, not only to all true education and culture, but to temporal and eternal happiness, courses in it are made an integral part of all curricula offered by the school. The aim of the courses in Christianity is, therefore, to acquaint the student with the riches of the Bible, to strengthen his faith, and, incidentally, to prepare him for the work of the Church.

1, 2. FUNDAMENTALS OF CHRISTIANITY

The fundamental doctrines of the Christian faith studied in the light of the Old and New Testaments. Other books on Christian doctrine for parallel reading.

Two semesters. Two credit hours a week. Mr. Arlton, Mr. Tingelstad

9, 10. SHORTHAND

Principles of Gregg shorthand; speed practice.

Two semesters. Five hours a week.

English

MISS GRACE E. BLOMQUIST, MISS MAY F. CROSNO

In addition to attacking methodically the most outstanding faults of the student's speech and writing and giving him a fund of practical knowledge and skill essential to his daily work, the aim of the courses in English is to arouse his curiosity about books and authors and help him to satisfy it; to supplement and broaden his experience; to show him how to extract from reading, and even from his own writing, a satisfaction in kind and degree akin to that he gets from games, movies, and automobiles; and, lastly, to introduce him to culture history and lead him to appreciate the relation that literature bears to civilization, present and past.

3. COMPOSITION

Fixing further the habits of clearness and accuracy; adding to sentence sense an increasing ability to sense structure of larger units; frequent practice in constructing paragraphs, with emphasis on unity and coherence. Frequent compositions. Outside reading.

First semester. Five hours a week.

Miss Blomquist

4. LITERATURE

Developing further the student's power to get the thought out of the printed page and helping him discover and enjoy the rudiments of literary excellence; acquainting the student with the backgrounds of literature and teaching him to see more and more clearly the relation between literature and life. Outside reading.

Second semester. Five hours a week.

Miss Blomquist

5. COMPOSITION

Fixing and extending the knowledge of mechanics gained in previous years; drawing the student away from the type of composition that is a mere exercise or task and leading him consciously to achieve a definite purpose in his work.

One semester. Five hours a week.

Miss Crosno

6. LITERATURE

Using the story in prose and verse for the study of culture history; training the student to form and express independent judgments; developing the ability of elementary literary criticism; encouraging further acquaintance with authors, books, and periodicals. ..Outside reading.

One semester. Five hours a week.

Miss Crosno

7. PUBLIC SPEAKING

Developing clear enunciation and correct pronunciation; training in expressive oral reading; developing ability to organize and deliver a short speech or a formal address; training in the practice of parliamentary law.

First semester. Five hours a week.

8. LITERATURE

A general summing up of the work in English literature during the first three years of high school, setting forth the great tradition of our literature; emphasis placed, not upon books *about* literature, but upon the literature itself; study, not technical or critical, but humanistic, supplying that introduction to the mind of the past necessary for a well-rounded education. Library work and home reading.

Second semester. Five hours a week.

College, \$2.75; High School, \$2.25.

PLACEMENT (COLLEGE OF EDUCATION)

A fee of \$5.00 is charged to cover cost of records and correspondence necessary for placement of graduates. An effort is made to place all graduates, but positions are not guaranteed. After the first position has been secured a charge of fifty cents will be made for each additional issue of credentials.

KEY DEPOSIT

A deposit of \$1.00 for dormitory room key is required. Refund made only at time of withdrawal from school.

Depository for Students

Students desiring to leave cash in the Business Office can do so. This cash can be drawn out at the request of the student.

Insurance

The College carries no insurance covering the personal effects of the students or the faculty members.

Book Store

The College maintains a book store for the convenience of the students, where books, stationery, and school supplies may be obtained. The book store is operated on a strictly cash basis.

Payments and Adjustments

Semester expenses are payable one-third at the time of registration, one-third at the beginning of the seventh week of each semester, and one-third at the beginning of the thirteenth week.

Credit for future services to be rendered by the student can in no case be used to meet the initial payment.

Refunds will be made on tuition as follows: 1st to 3rd week, 80%; 4th to 6th week, 60%; 7th to 9th week, 40%; after 9th week, no refund. No allowance for board will be made for less than one week. A deposit of \$5.00 per person is required for reservation of room in the dormitories, payable before August 20.

HOUSING REGULATIONS

The College provides dormitory and dining room facilities to accommodate students not living at home.

The rooms are heated and lighted and furnished with dressers, tables, chairs, beds, and mattresses. All other necessary articles, including pillows, blankets, sheets, pillow cases, towels, rugs, curtains, and reading lamps, of which two are allowed, must be provided by the students. No extra electrical appliances are allowed in the individual rooms.

All students, except those living with parents, are required to room in the

dormitories and board in the College dining hall unless excused by the proper authorities. If excused, students must live in houses approved by the College.

Reservation of rooms should be made in advance. A fee of \$5.00 is required at the time the reservation is made. This fee is returnable if the student withdraws his application and notifies the College before August 20.

Occupants of rooms are held responsible for breakage or injury to the room and its furnishings. The rooms are subject to inspection by the Dean of Men and the Dean of Women.

Young men and women living off campus may not room at the same house.

HEALTH

The College endeavors to maintain an effective and adequate health service for all in order to promote good physical and mental development.

The health service includes the arrangement for the services of physicians and the services of a nurse. The services of two physicians are available, and a full-time nurse is on the college staff. An infirmary for hospitalization purposes is now established on the campus.

Every student must take a physical examination upon entrance to the College. This examination enables the health authorities at the College to assist more ably any student who requires special care. The Mantoux skin test or Vollmer Patch Test for tuberculosis is given annually to each student. College employees are required to take the physical examination annually. The College reserves the right to have students take special examinations or tests if it is deemed necessary by health authorities.

Care of persons, in case of illness, is under the supervision of the nurse, to whom all cases of illness must be reported at once. Day students must pay \$1.00 per day for board while confined to the infirmary. The College supplies the services of physicians and a nurse for ordinary illness. The school does not provide for free hospitalization, examination or treatment by specialists, for any extensive or prolonged treatment, for surgical operations or for X-Ray service. However, the school will help the student make arrangements for such treatments.

GENERAL REGULATIONS

Only such rules have been adopted as have been found necessary for the promotion of the highest interests of the students. On admitting students the College does so with the express understanding that they will cheerfully comply with its rules and regulations in every respect and deport themselves as Christian ladies and gentlemen.

Every student is expected to be present at the daily devotional exercises of the school and, on Sunday, to attend divine services in the church with which he or his parents are affiliated.

The College maintains the right to exercise supervision over the work and conduct of day students outside of school hours.

Students are expected to employ their time to the best advantage and to avoid everything which has a tendency to interfere with legitimate school work.

Dancing, gambling, visiting gambling houses or other places of questionable nature, and the use of intoxicating liquors are strictly forbidden.

Eligibility Rules

In order to be eligible to represent the College in intercollegiate contests of any character, dramatic, forensic, or musical performance, or on *The Saga* or *The Mooring Mast*, a student must:

1. Be registered at Pacific Lutheran College.
2. Be registered in at least 12 hours work in the regular College Division, or 3 regular credit subjects in the High School.
3. Have completed successfully 12 hours of work in his previous semester if in the College Division or 3 regular subjects if a High School student.
4. Be carrying successfully at least 12 units of work at the time of participation (3 regular subjects if in the High School Division).

The rules of the Washington Intercollegiate Conference govern all athletes participating in conference competition.

Eligibility is to be certified by the Registrar at the end of the first, second, third, and fourth quarter of each semester.

Exceptions shall be considered on their merits.

HOW TO REACH PARKLAND

Parkland, a suburb of Tacoma, is located about seven miles south of the center of the City.

On arriving in Tacoma by train, bus, or boat, take a Parkland or Spanaway bus on Pacific Avenue. The telephone number of the College is GRanite 8611.

Students will do well to leave their baggage at the Tacoma station and bring their checks to the College, where arrangements will be made to have the baggage brought out to the school in the speediest and cheapest way.

For additional information write to PACIFIC LUTHERAN COLLEGE, Parkland, Washington.
